

Hello Preschool Parents,

I can't tell you how much we are enjoying teaching your children!

Watching the light in their faces as they are learning new things and having fun adventures while at preschool is so rewarding.

We will be starting our colors and shapes units this week! We will be having so much fun mixing colors to make new colors while playing with our "play dough & painting color magic!"

In November, we will be moving onto our "Number Magic!"

We love watching their confidence grow and their ability to solve problems on their own, as well as making new little friendships along the way.

They know and feel that preschool is their "Safe Place" to be, with teachers who love and care about them.

[A Few Friendly Reminders:](#)

***We don't open our doors until 5 to 10 minutes before preschool begins. Teachers are busy opening up the studio and preparing for the day

*****Please arrive by 9:45**---Our "Check In" volunteers need to leave by then, and teachers are in their classrooms with your children..

*****Now, as the weather is getting colder**----[Please take your child's coat back to the car with you and then bring it back for their pick-up.](#)

There just isn't room for all of their schoolwork and projects and their coats, as well.
Thank you!

*****Thank you for remembering their water bottles.**

***Please check to see that you have your own **child's work** each day. They work very hard on their projects.

***Please remember to **lock your car doors** if you choose to leave your little angels in the car while checking in your preschoolers.
